1. Notice

Hey all! Letting you know that this is a Red vs Blue fic off the popular internet series Red vs Blue. Made from the SUPER popular game Halo. Just so you know, this story is being co-written with Madison Proctor here on fanfic and will not be posted here on my account. Want to read? Check it out on her page! XD I will post in this notice section when we update for those of you who are too lazy or just don't wanna notice it... Thank you and now you may throw verbal abuse because I have not updated anything else. School and work are in the way and let's face it... my muse isn't working with me at the moment... Just be gentle. I bruise easily, lol. THANKS FOR ALL THE SUPPORT FAVS AND WHAT NOT!

2. Notice 2

Hey all! Not dead yet, but we have a dilemma concerning my Bionicle fandoms. You see, I have lost my pin drive which held the next three chapters of TNT and the next chapter of WDC... So, until I find it again, I guess you get no posts.

On a brighter note, Chapter 1 of RvB is now up on Madison's profile! Check it out and leave us lots of comments! ^.^
